Embracing the Kingdom

Price: \$8.95

Embracing the Kingdom is the second in a series of Scripture-based discussion guides developed by Rich Cleveland for use within Catholic small groups or communities.

These materials are designed to provide foundational training in both personal spirituality and the ability to participate successfully in a small group. Participants learn to enjoy daily Bible reading and prayer and to make these disciplines a significant resource in their relationship with Christ. Regular meditation on Scripture and meaningful participation of Scriptures are developed as other valuable disciplines. These disciplines are nourished in a loving, caring environment that can lead to a motivating, caring Christian community.

These booklets incorporate reflection on Scripture passages around various important topics of personal spirituality and discipleship. Each discussion topic is presented and reinforced by references to valuable Catholic resources.

A leaders guide is available to provide facilitators with resource suggestions for handling the various sessions and creating helpful small group dynamics. This guide is available as a free download from this site or from www.emmausjourney.org
